

Region 1 Congress was a huge success. I hope that everyone that attended enjoyed their experience. While for the most part, it was a great weekend, we did have a few problems. We had a few items stolen on Saturday night at the hotel.

First, the Region 1 Table runner that was used on the check in table was taken Saturday night. The Region purchased those for Regional meets and events, so it is a shame that someone took it. I will be replacing it, so that just means that there is less money to buy the gymnasts and coaches apparel and gifts. If you know who took it or see it floating around, please have it returned to me.

Second and more importantly, a leotard was stolen from the mannequin at the Illusions booth on Saturday night just after 12:30 am by two young white females. One was wearing a white tank top with short denim shorts or skirt, she had long curly/waivy brown hair. The other was wearing a black tank top with short light colored shorts or skirt, she had medium length/long straight brown hair. The whole act was caught on the hotel security video camera which was reviewed by myself as well as another person on the Region 1 board. A report was created by the hotel and Rachel with USAG as well. While I am pretty sure that I recognize these girls, I do not know their names or gym affiliation. If you have an idea who these two young ladies are, please pass on the suggestion that they return the leotard with an apology letter or never attend Region 1 Congress again. I will be looking for them at registration and will have their picture posted during congress next year. It is ridiculous to me that people from our own group cannot be trusted.

Thank you!

Jennifer Krause, Region 1 RACC
